

Endless Possibilities, Personalized Solutions....

DRILLING  
CASING &  
**CEMENTING**  
FABRICATION

## **AMROC BREMSE**

OIL TOOLS PVT. LTD

**STREAMLINING COMPLEX OPERATIONS  
FOR PEAK PERFORMANCE AND  
EXCELLENCE**

## **INTRODUCTION**

### **GLOABAL PRESENCE**

Serving clients across multiple continents with a strong network of partnerships and customers worldwide.

### **LONG MARKET PRESENCE**

Expertise in sourcing, logistics, and managing the availability of materials and components.

### **STATE OF ART MANUFACTURING FACILITIES**

quipped with cutting-edge technology to deliver precision-engineered products that meet global standards.

### **PROVEN TRACK RECORD**

Consistently delivering high-performance equipment trusted by industry leaders in the oil and gas sector.

### **CORE BUSINESS**

Specializing in the design, manufacture, and supply of advanced casing cementing and completion equipment.

## **INSIGHTS**

### **ENGINEERING AND DESIGN**

Proficiency in mechanical, electrical, structural, and materials engineering for creating durable, high-performance equipment.

### **SUPPLY CHAIN AND PROCUREMENT**

Expertise in sourcing, logistics, and managing the availability of materials and components.

### **MANUFACTURING AND FABRICATION**

Expertise in sourcing, logistics, and managing the availability of materials and components.

### **RESEARCH AND DEVELOPMENT**

Innovation in drilling technologies, equipment design, and sustainable solutions.

### **REGULATORY COMPLIANCE & SAFETY**

Ensuring compliance with industry standards, safety protocols, and environmental regulations.

### **CUSTOMER SUPPORT**

Skills in installation, commissioning, technical support, and training for clients.

& MANY MORE

## **CENTRALIZER**

- ✓ BOW TYPE
- ✓ STOP COLLAR
- ✓ RIGID

## **FLOAT EQUIPMENT**

- ✓ FLOAT SHOE
- ✓ FLOAT COLLAR
- ✓ REAMERS

## **COMPLETION EQUIPMENTS**

- ✓ PRODUCTION PACKER
- ✓ BRIDGE PLUG AND CEMENT RETAINER
- ✓ FLOW CONTROL EQUIPMENT

## **ACCESSORIES**

## THE AMROC BREMSE CAPABILITIES

INDUSTRY CERTIFICATION

IN HOUSE DESIGN, ENGG. & MANUFACTURING

HIGH-END SOFTWARE-AIDED PROCESSES

R&D FACILITY

STATE-OF-THE-ART MANUFACTURING FACILITY

HIGHLY SKILLED MANPOWER

We adhere to **international quality standards** such as ISO certifications, ensuring our products are manufactured with the highest safety, quality, and environmental compliance.

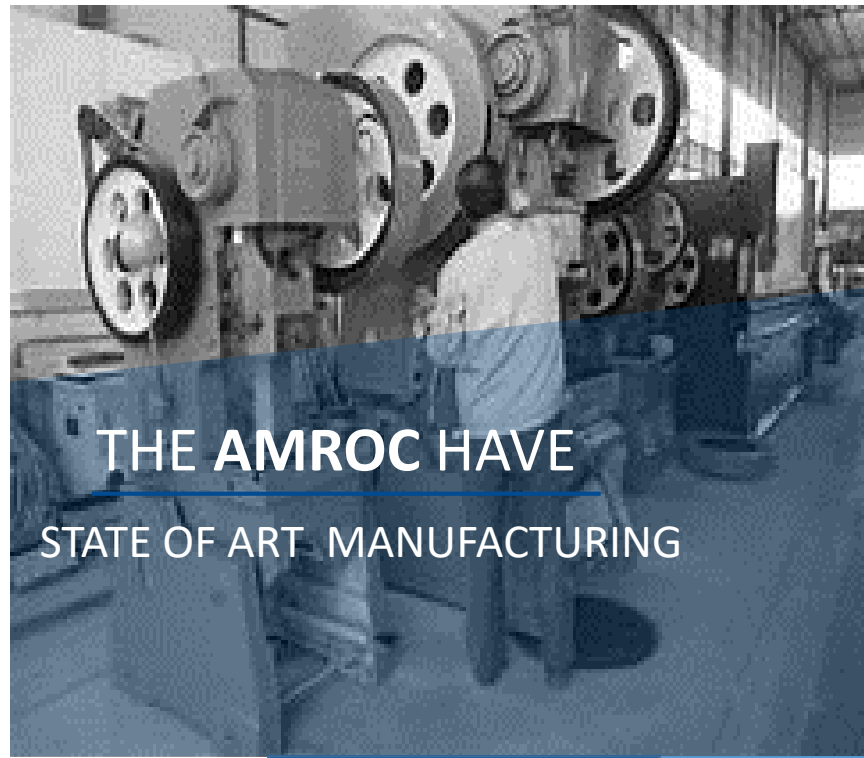

With complete **control over the design, engineering, and manufacturing** processes, we ensure that every product is tailored to meet specific client needs and the highest industry standards.

Our **advanced software tools** assist in precise product design, testing, and optimization, enhancing overall product performance and efficiency through **cutting-edge simulations** and **computer-aided manufacturing (CAM)**.

Equipped with the latest **machinery and automation**, our **modern manufacturing facility** ensures precision, high production capacity, and exceptional product quality at every stage of production.

Our dedicated **research and development (R&D) facility** drives continuous innovation in product design, materials, and technology, enabling us to develop customized solutions for complex oil and gas applications.

Our team of **highly skilled engineers and technicians** bring years of expertise, and through **continuous training**, they stay ahead of evolving industry demands and cutting-edge technologies.

# INNOVATION BEYOND BOUNDARIES

INNOVATION BEYOND BOUNDARIES EMBODIES THE SPIRIT OF LIMITLESS CREATIVITY AND PROGRESS. IT REPRESENTS THE DRIVE TO EXPLORE UNCHARTED TERRITORIES, BREAK THROUGH CONVENTIONAL LIMITS, AND REDEFINE WHAT'S POSSIBLE. WHETHER IN TECHNOLOGY, SCIENCE, OR INDUSTRY, THIS APPROACH CHALLENGES THE STATUS QUO, PUSHES THE ENVELOPE OF WHAT'S ACHIEVABLE, AND OPENS NEW DOORS FOR ADVANCEMENT. IT'S ABOUT CREATING SOLUTIONS THAT ARE NOT CONFINED BY TRADITIONAL THINKING, BUT ARE INSPIRED BY THE POTENTIAL TO TRANSFORM THE FUTURE. EMBRACING INNOVATION BEYOND BOUNDARIES IS KEY TO CONTINUOUS GROWTH, TRANSFORMATION, AND SHAPING A WORLD WHERE POSSIBILITIES HAVE **NO LIMITS.**

THE **AMROC** PROVIDES  
FOLLOWING SOLUTIONS

**STOP COLLAR & CENTRALIZERS**

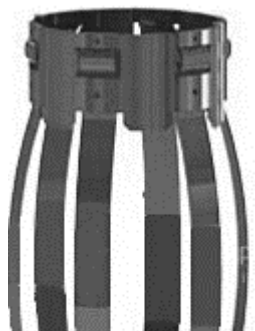

**FLOAT SHOE & COLLAR**

**COMPLETION EQUIPMENTS**

# CENTRALIZERS

PRECISION IN EVERY WELL, STABILITY IN EVERY STEP

## OUR CENTRALIZER RANGE

- ✓ HINGED BOW  
SPRING CENTRALIZER
  - ✓ WELDED
  - ✓ NON WELDED
- ✓ SINGLE PIECE  
CENTRALIZER
- ✓ RIGID CENTRALIZER

# STOP COLLAR

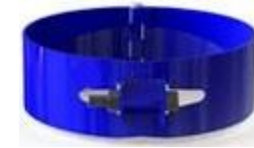

OUR STOP COLLARS ARE  
ENGINEERED FOR:

- ✓ **ENHANCED CEMENTING PERFORMANCE:** Ensuring even distribution of cement around the casing and minimizing the risk of channeling or poor zonal isolation.
- ✓ **DURABILITY IN HARSH CONDITIONS:** Built to endure high pressures, temperatures, and chemical environments typically found in deep and ultra-deep wells.
- ✓ **IMPROVED WELL INTEGRITY:** Contributing to better zonal isolation, leading to increased wellbore stability and reduced chances of failure or remedial work.

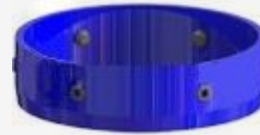

## STOP COLLAR

**HINGED SPIRAL NAIL  
STOP COLLAR**

**HINGED BOLTED  
STOP COLLAR**

**SLIP ON SET SCREW  
STOP COLLAR**

**HINGED END SET SCREW  
STOP COLLAR**

# FEATURES

Empowering **Performance**  
with Every Feature

**ECENTRIC NOSE→**

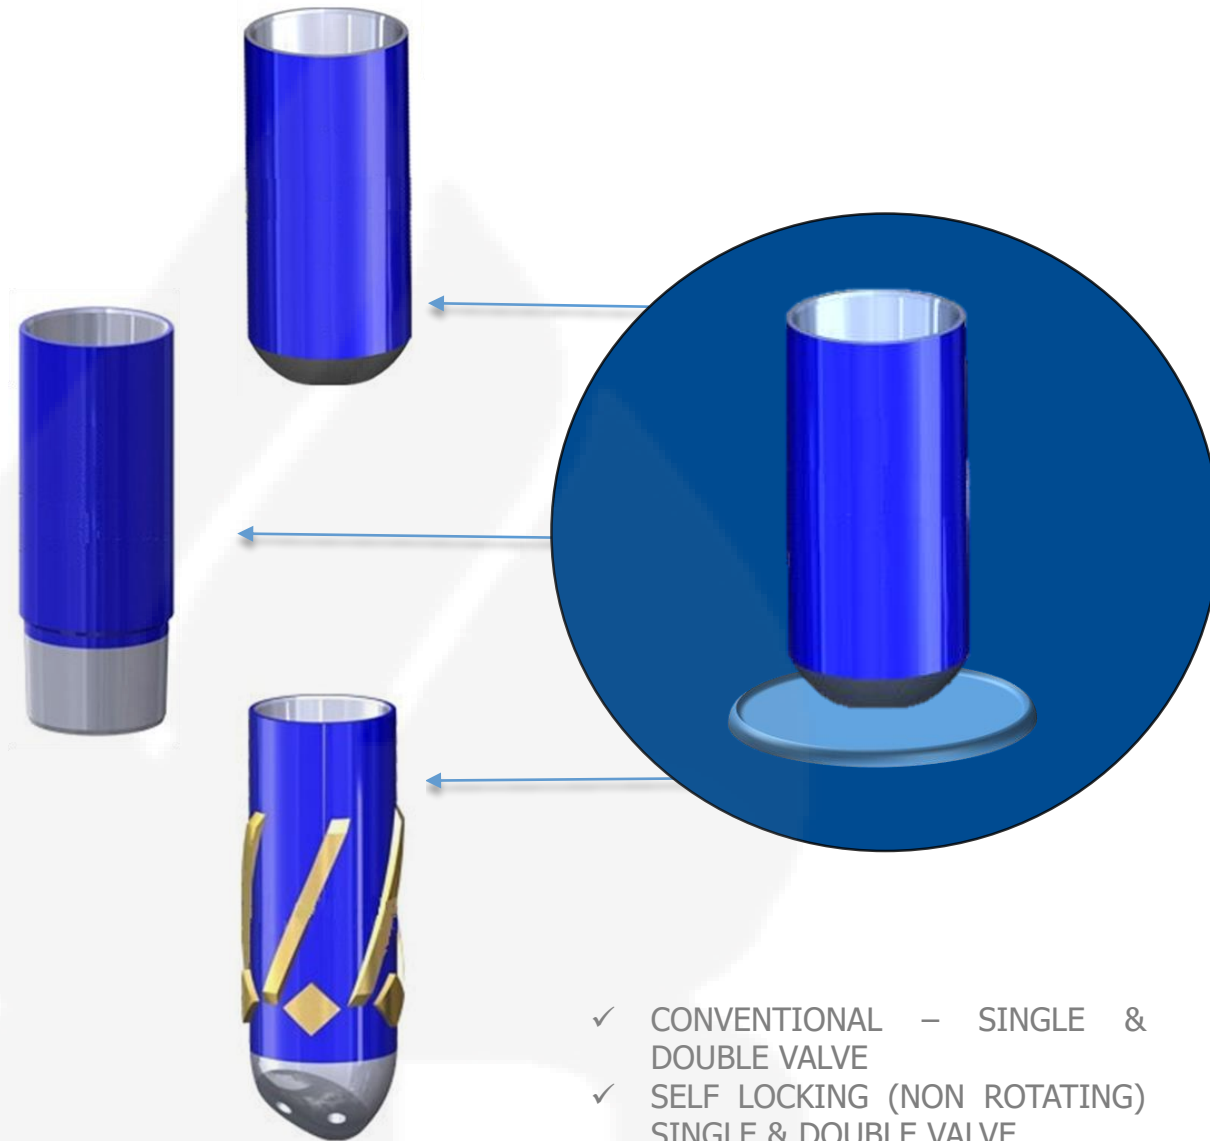

**SPADE NOSE→**

**BULLET NOSE→**

**PHENOLIC NOSE→**

- ✓ CONVENTIONAL – SINGLE & DOUBLE VALVE
- ✓ SELF LOCKING (NON ROTATING) SINGLE & DOUBLE VALVE
- ✓ AUTO FILL UP/ DIFFERENTIAL FILL UP
- ✓ STAB IN / STAB IN LATCH IN
- ✓ BALL CATCHER & BALL DEFLECTOR
- ✓ WITH & WITHOUT CARBIDE

## FLOAT COLLAR & SHOE

SEALING STRENGTH, ENSURING STABILITY

# WHAT AMROC GIVES ?

- ✓ **RELIABLE SEALING:** Ensures proper isolation of cement and prevents backflow.
- ✓ **DURABILITY:** Withstands extreme pressures, temperatures, and harsh wellbore conditions.
- ✓ **EASE OF USE:** Simple to handle, deploy, and retrieve during cementing operations.
- ✓ **EFFECTIVE FLUID CONTROL:** Prevents contamination by properly displacing drilling fluids and ensuring clean cement placement.
- ✓ **MINIMAL WEAR:** Resistant to erosion and damage from abrasive cement slurries.
- ✓ **VERSATILITY:** Suitable for various well types and applications, including high-pressure and Deepwater environments.
- ✓ **COST-EFFECTIVE:** Reduces the need for rework, improving efficiency and lowering overall project costs.

## CEMENTING PLUGS

Cementing Success with Every Seal

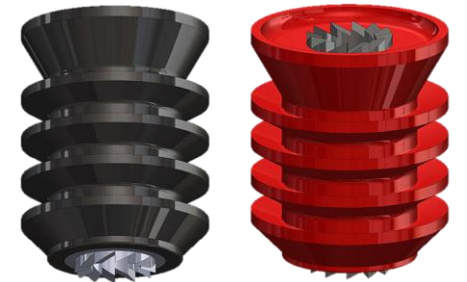

CONVENTIONAL  
CEMENTING PLUG

N/R CEMENTING PLUG

ALUMINIUM CORE  
CEMENTING PLUG

N/R CEMENTING PLUG  
TEETH DESIGN

SELF LOCKING N/R  
CEMENTING PLUG

CEMENTING  
PLUGS

# COMPLITION TOOLS

EMPOWERING ENERGY, ENHANCING EFFICIENCY

## OUR **PRODUCT** RANGE

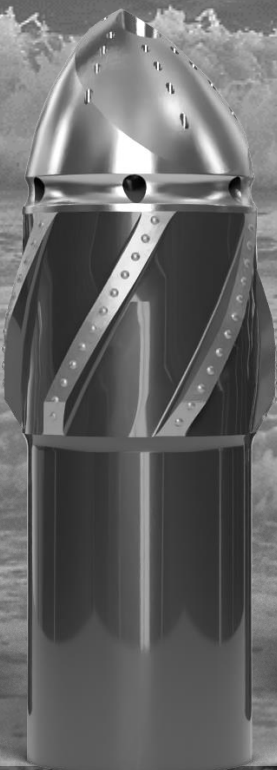

- ✓ MECHANICAL & HYDRAULIC PRODUCTION PACKERS (PERMANENT & RETRIEVABLE)
- ✓ MECHANICAL SERVICE PACKER
- ✓ PERMANENT BRIDGE PLUG & CEMENT RETAINERS
- ✓ FLOW CONTROL EQUIPMENTS
